

## **Product Liability**

Our Products Liability Group provides aggressive, cost effective, and creative solutions to resolving complex products liability disputes. We represent both large and small manufacturers and retailers of raw materials, chemicals, industrial equipment, electrical equipment, consumer goods, ethical drugs, and medical devices in negligence, toxic material and defective product disputes. Coordinate litigation defense in complex multi-defendant matters and class actions

We have extensive experience with the following types of cases:

- Agricultural Chemicals (Fertilizers, Pesticides and Fungicides)
- Automobiles and Motor Vehicles
- Benzene
- Chlorinated Solvents (TCE, ME PERC)
- Chlorofluorocarbons
- Construction Products, including Asbestos and Lead
- Control Devices
- Fire Systems
- High Tech Testing Equipment
- Hydrogenated Hydrocarbons
- Machinery, including presses, punches, cutting, hand tools and devices.
- Maritime Equipment
- Medical Devices
- Organic Solvents
- Polybutylene Pipe
- Polyurethane Paints (Isocyanates)
- Pumps & Plumbing Components
- Temporomandibular Joint Implants

We emphasize early case evaluation and frequent client communications to help our clients objectively assess and reassess the risks. Our attorneys work closely with our clients to develop and implement a dispute resolution strategy that meets their unique goals, and have successfully resolved a wide variety of cases through arbitration and mediation, and through trials, both state and federal, bench and jury, civil and administrative proceedings.

Our attorneys have the skill, experience, resources, judgment, and work ethic necessary to effectively and efficiently try cases to verdict, adjudicate cases through dispos.
